Korean Honorifics Lesson!

Nim - A formal way of addressing someone typically older and/or more respected than you

Ssi - A formal way of addressing someone you do not know or are unfamiliar with

Nuna - A friendly way of addressing an older woman near your age if you're a guy

Hyung - A friendly way of addressing an older man near your age if you're a guy

Unni - A friendly way of addressing an older woman near your age if you're a girl

Oppa - A friendly way of addressing an older man near your age if you're a girl
Oppa is also used (though not synonymously) by girls addressing their boyfriends

Ajumma - Older woman typically aged between mid/late 30's – early 50s. Calling someone younger than mid 30's this is rather offensive

Ajussi - Older man typically aged between mid/late 30's – early 50s. Korean men, especially those in their 30s, prefer to be called hyung/oppa by those younger than him rather than Ajusshi

Sunbae - Is used to address senior colleagues or mentor figures, e.g. students referring to or addressing more senior students in schools

Hubae - Is used to refer to juniors. However, the term is not normally addressed to them directly, and is mainly used in the third person.
This is nearly identical in Japanese with Senpai/Kohai honorifics

Naeuri - Was used by commoners in the Joseon Dynasty to refer to people of higher status but below "His Excellency"

Seonsaeng – Commonly translated as 'teacher", has much more formality and is used to show respect to the addressee. It is related to the Japanese honorific, "sensei" and shares the same pair of Chinese characters, representing 'mister' or 'one born earlier' (literal)

It's about time you learn them!

Are you from "the other side," by any chance?

Oth... other side?

What do you mean?

Another world.
You see, you...

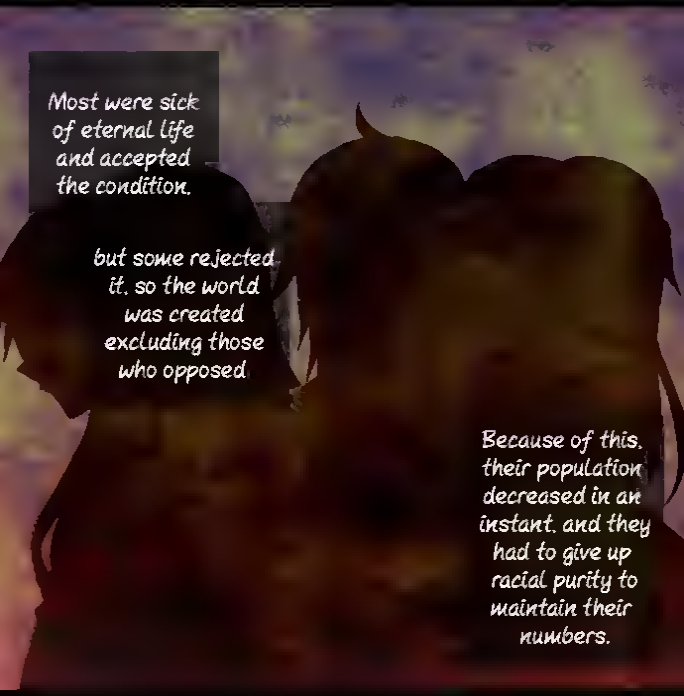
A single person used his power to make this place
He convinced his people to carry out the plan because he pitied humans
He pitied the humans that "we" were exploiting at the time.

This place is undoubtedly a paradise for the species called 'vampires'
Here we don't need to drink blood
and the red sky nullifies our weakness against the sun.
In exchange, the world takes away youth,
causing all of the descendants of the species to age—

Just like humans...



Most were sick of eternal life and accepted the condition.
but some rejected it. so the world was created excluding those who opposed
Because of this, their population decreased in an instant. and they had to give up racial purity to maintain their numbers.

The paradise with mixed races was soon named

Chapter 6

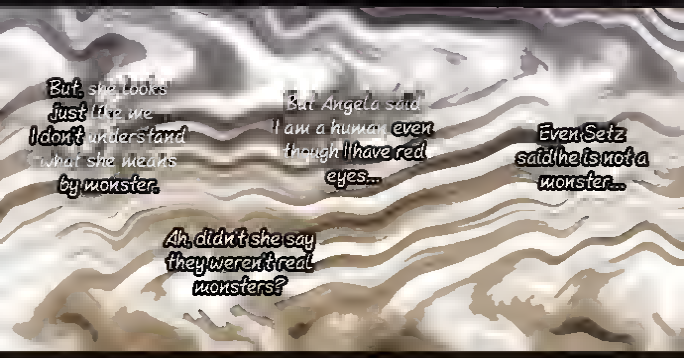
So~
Clack
Look at this.

Yes?
Sit down here if you've finished washing
In order for you to live here,
there are some things you must know.

Firstly, if someone asks you where you're from, answer "I do not know."
If someone asks for your affiliation, answer, "I do not know."
Unfortunately,
we are the "monsters" of your world.
WHAT?!

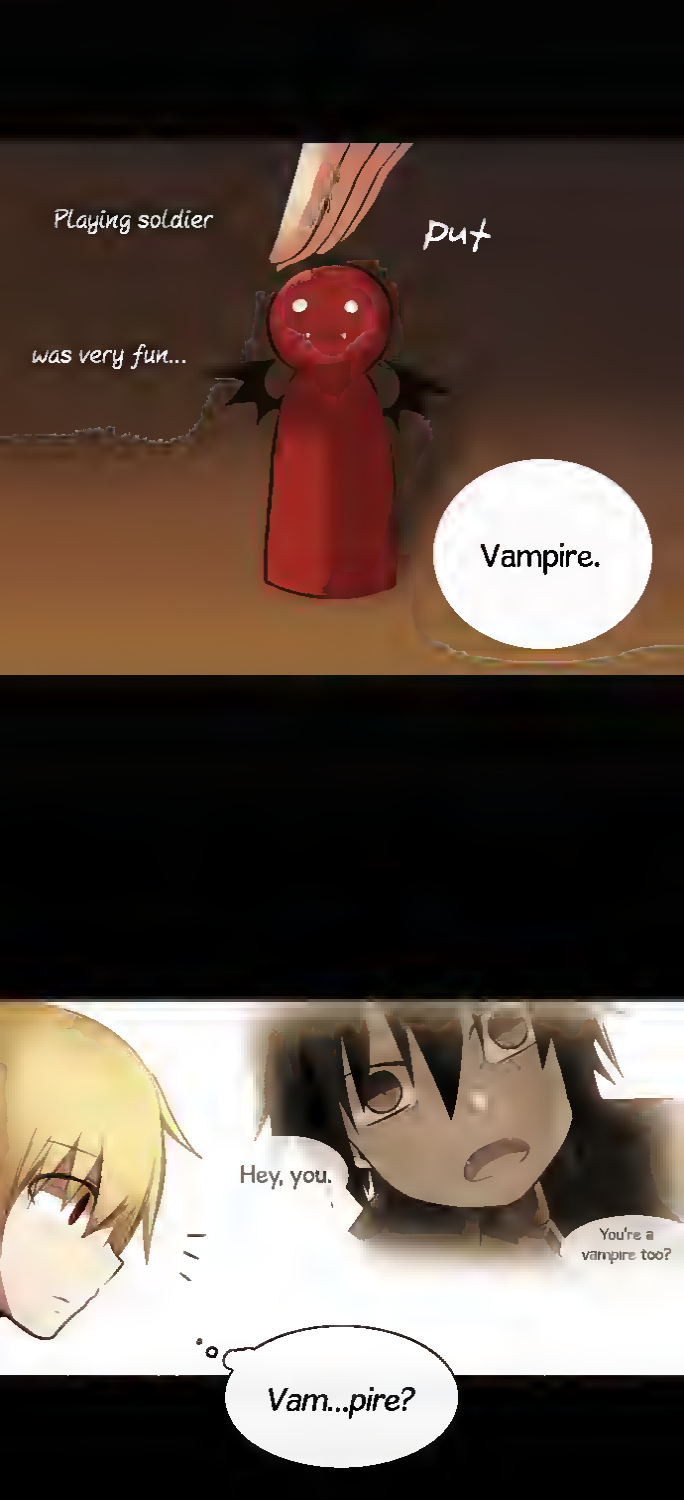
THEY WERE REAL MONSTERS?!
Depressed
It's okay, it's okay We're not real monsters.
If you do as I say, there won't be any problems.
...Really...?
Of course~

People with red eyes are one of us.
Oh, except you.
If someone has red eyes, he is one of us.
Well, except for you.
Ah... What should I do?
Maybe I should say I want to go back...
So, first...



But, she looks just like me. I don't understand what she means by monster.
But Angela said I am a human, even though I have red eyes...
Even Setz said he is not a monster...
Ah, didn't she say they weren't real monsters?

IT CAN'T POSSIBLY HURT YOU, IDIOT!
YOU MONSTER!
Hey! Come over here.
...Still
I don't want to be bullied anymore.



Playing soldier
was very fun...
But
Vampire.
Hey, you.
You're a vampire too?
Vam...pire?

I'm sure Setz is from this world...
But he said he's not a monster!
Maybe they are just a little different from me.
It... It's gonna be okay.
And Succubus/Incubus, Zombie, Ghost, Werewolf.
These five races live in this world.

Succubus/Incubus

They are very attractive and specialize in magic.

Zombie

The trait of immortality is strongest in Zombies. They have great physical capabilities but possess little intelligence and are bad at magic.

Ghost

A quiet race with temperate personalities. They have the ability to turn into ghost form (fog form). Although not great in combat, they are the most intelligent race.

Werewolf

They are half animals that are quick and precise.

These five races have blurred and became just affiliations
.....
There are mixed bloods that don't belong in any of the categories. You are to be one of those mixed bloods.
Do you understand?
Too hard.
Umm...
ANYWAYS, JUST ANSWER "I DON'T KNOW," NO MATTER WHAT SOMEONE ASKS YOU!
DO YOU UNDERSTAND!?
YE-YES!!

...Well, vampire blood is genetically strong, so for the most part, mixed bloods have vampire characteristics.

So we call ourselves vampires.

You just have to be a vampire that does not know his affiliation

.....? I don't really know...

What if I get exposed?

Oh, it's very unlikely to be exposed if you don't reveal that you're human.

Don't be bothered by the fact that I saw right through you instantly. I'm an exception.

Most people won't even think of the possibility that you are human.

Really?

We have been separated from humans for a long time, you see.

The barrier you crossed is one that only a select few of a special lineage can see. That barrier bridges the two worlds.
Most ordinary vampires don't know of the barrier's existence, and those that do know of it think that it's purely theoretical.

The door itself is hidden, and there is no reason to go to the human world
Because of the effects of this world we are weaker to the sunlight and silver of the human world than before. We might die in one blow

Setz may have gone to the human world every day to see you, but he was risking his life in doing so.
...Setz. you...

Then why did you abandon me...

...Just know that.
I will teach you the details along with the village children.
I might not look like it, but I'm the village's teacher.
Wow—

...you, a teacher...?
What you've got a problem?
Now that you are basically a family member,
Let's introduce ourselves properly
I am Angela Erzebet.
He is Yamumia, a pet bean jelly (not for eating).

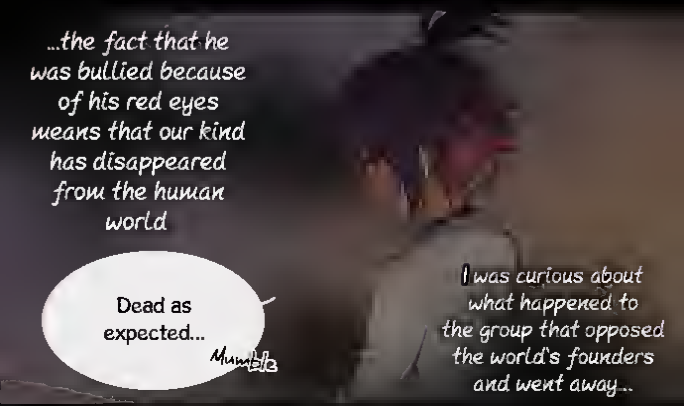
Please take care of me...

Now I...

Have a family...

Zzzz
Zzzz

.....
Human, huh...
Although...

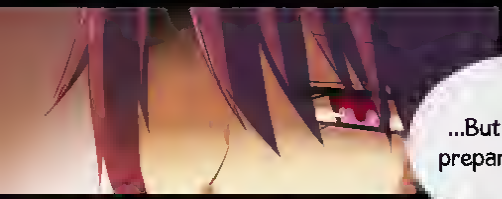


...the fact that he was bullied because of his red eyes means that our kind has disappeared from the human world
Dead as expected...
Mumble
I was curious about what happened to the group that opposed the world's founders and went away...

Chepesh wouldn't allow a human with red eyes to live...

.....
Cute...

Welcome to the "world,"
boy.



...But you must prepare yourself.

Though you have the same red eyes

as the "monsters," we are fundamentally different from you.

You must be resolved to hide your true self for the rest of your life.

We have arrived, master!
Neigh

Good work, Quz.

...and
About Carne Greypel.
Yes...?
She became the head of the Greypel family last week

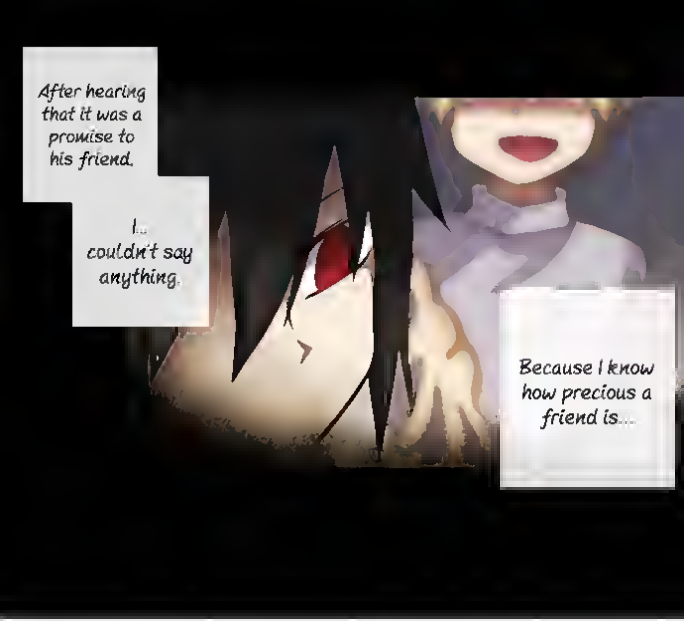
Greypel...
I am certain... they are the biggest supporters and companions of Navarus.
It is your duty to take care of her.

She is your fiancée, after all.

...What?!

Step
Step
It is a promise I made with my friend before you were even born.
It was originally planned for you to meet her during your coming-of-age ceremony.
Step
step

However Mor Greypel and his wife passed away in an accident some time ago.
Therefore, we have taken in Carne until she can become the independent head of Greypel.
More importantly, Carne is unstable because of the shock.
Help her recover quickly.
An engagement without even considering my opinion...
That is so like Father.
...But...



After hearing that it was a promise to his friend.
I... couldn't say anything.
Because I know how precious a friend is...

Ah~...
Really... What to do with Lark..
Young Master!!!

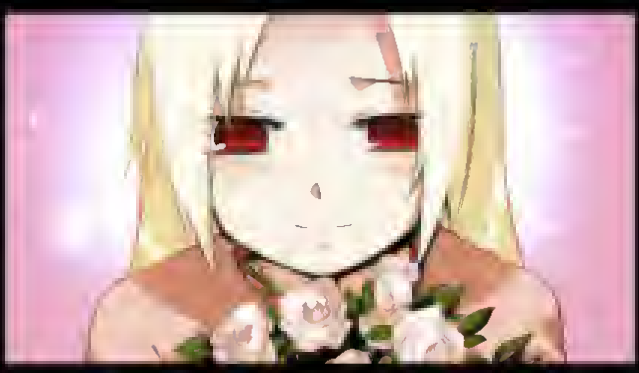
This place is too suffocating...
I want to see Angela... and Lark...!!
...Young Master?
Huh?
I was looking for you because you were not in bed
Where were you?

...You did well finding me.
Sparkle
Really? That's because I am Young Master's faithful attendant... no, servant! ❤

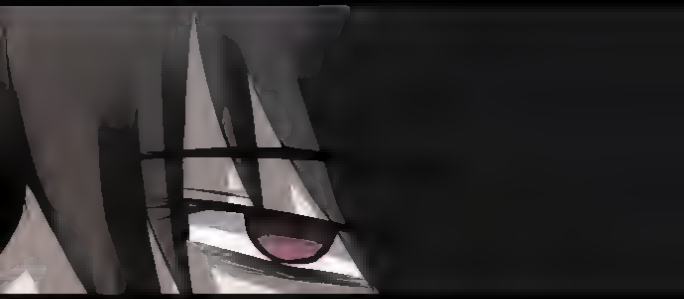
young master~? what is it~?
Smiley
...I felt some fear for my life.
WHAT?! BUT YOU HAVEN'T LIVED LONG!!
No!!
Shaky
This guy is the only one that always looks after me here...

Yes. I will work hard.

I am fortunate to have Quz
If I study hard and take good care of Carne...
I might be able to ask him... to send me to the resort again.



...But what was that he said in the end?
Oh, and...



Do not tell anyone if you see a change in Carne's body.

Bump
Huh...?
Ba-Thump
Ba-Thump
Uh... Who...
Who is it?
Over there...

...Maybe it is the sound of the wind...
Ba-Thump
...I thought it was Sir Sekreuz.

It is lonely when the sky is purple...
I didn't know about things like that when Father and Mother were alive.
Uhm, I hope you can accept these along with my wishes for fast recovery.
Let's play together after you recover

I'll look forward to it.
Miss Greypel.

...Sir Sekreuz.

THROB

Again...

THROB

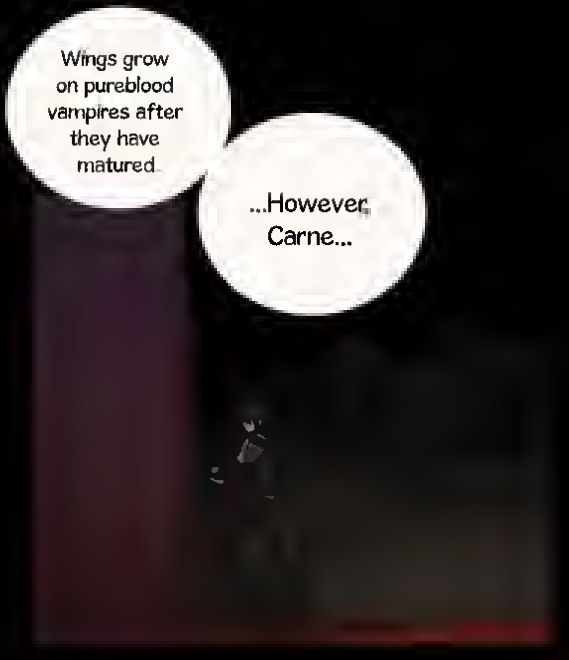
Aaaa
Ah...

CRACK
IT HURTS...!!

She is a pitiful girl...
Anyways... I should take good care of her.



Wings grow on pureblood vampires after they have matured.
...However, Carne...

You would have known...
what is happening.

Even without you,
I will surely achieve my wish.

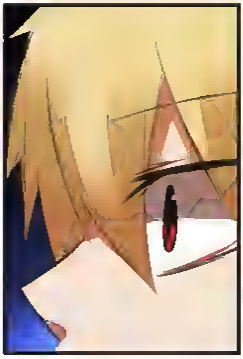
Angela, do you know that what you've been saying is odd?

Huh?
If I leave this place that I am used to, there is a higher chance that someone will find out I am a human.
Didn't you talk about me becoming a lab ingredient? Then I should live in hiding!

...You...

Do have a brain. Thinking about such things...
...What do you think I am?

Anyhow, I can't understand.
Are you serious?
Yes, I'm serious.



I am your guardian, and I think of you as my family.
It's not like I haven't thought that.

But are you

Are you
Satisfied with this?

Crepuscule

Chapter 15

ARZEW

It was established with the strong support of the Council, the group of first generation vampires that created the "world"

Arzew was established to find talented people who could join the government

The "world" is divided into five regions

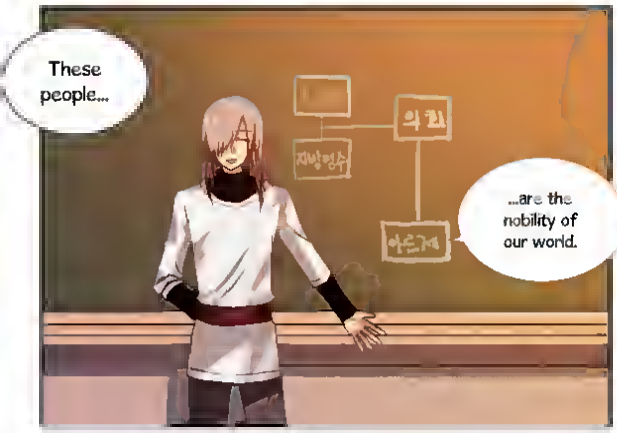
and the representatives of each race control each region

However..

The Ultimate power in **Crepuscule**, the vampire world, lies in Navarus. The central city that is controlled by the pureblood vampire family.
That is why the Council and Arzew are located in Navarus
The center of the "world" is ruled by the Assembly group of the Council.
And the Assembly...

Is formed by the advancement of Arzew's student councils.

They are the rules of the "world".



These people...
의회
재능평가
학술계
...are the nobility of our world.

Nobility...
?
Giggle
Therefore, students interested in that field should find out about the student councils!
You can establish one yourself,
or you can enter an existing student council.
That is up to you.

In each generation there might be more than one student council...

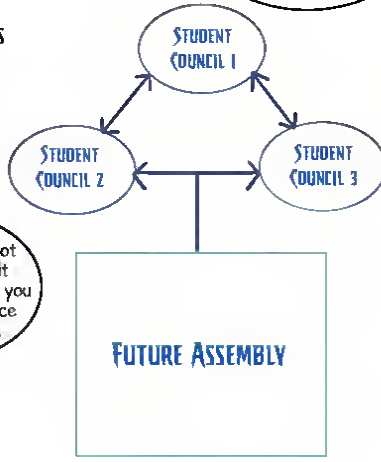
Due to the fact than anyone can create one.

PRESIDENT — VICE-PRESIDENT

OFFICERS

MEMBERS

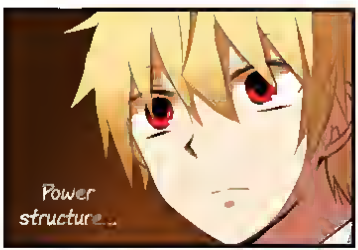
So they may exist two or three or there might be none...!



You will be setting a good example by joining the council

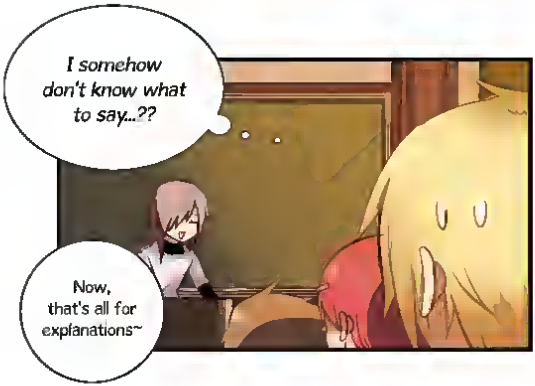
Although it's not as simple as it sounds because you will have to face competition.

Anyways, if you have any questions about the power structure of our world, ask me.
I will be more than happy to answer any of your questions!
Oh, and if you're a girl you will be more than welcome~
Kya! Teacher, you pervy~!!
Why you...



Power structure...

...Why apply it to a school??
They're making kids fight for superiority?

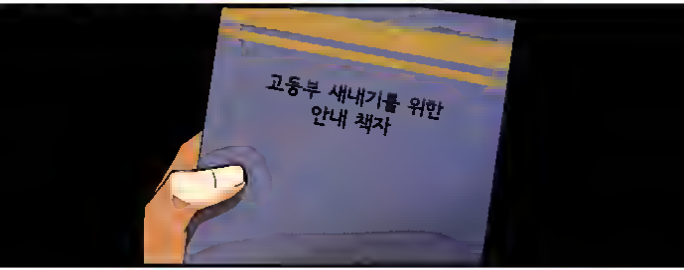


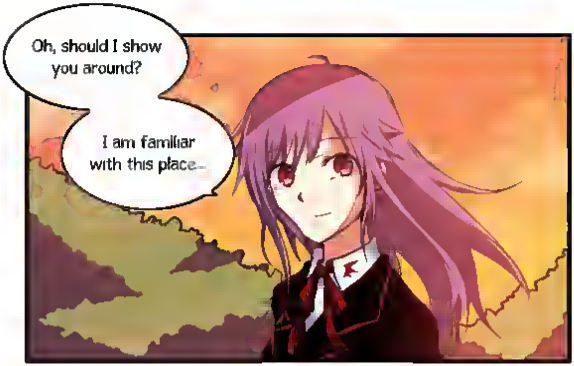
I somehow don't know what to say...??
Now, that's all for explanations~

High school freshmen will learn elementary and middle school class theories~ Since there are some newcomers!
Now now, should I come to a close?
And then we will begin swordsmanship classes~

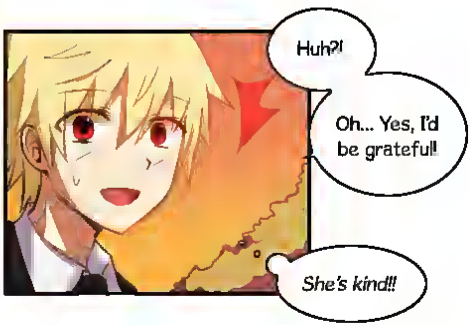
Anyway!!
The important thing is to like what you do
If you do not know what you want to do, you can slowly find out
I hope you all work hard for yourselves in this school.

Information Book for High School Newcomers.

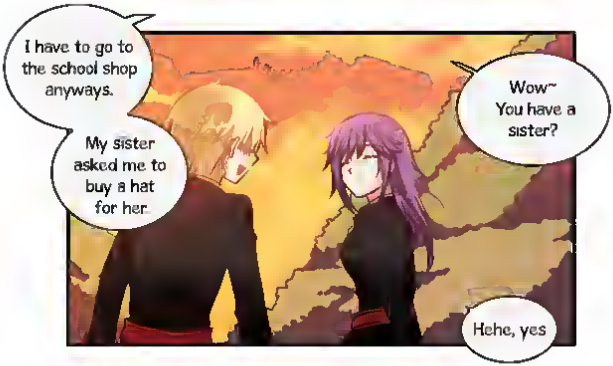




Oh, should I show you around?
I am familiar with this place...



Huh?!
Oh... Yes, I'd be grateful!
She's kind!!



I have to go to the school shop anyways.
My sister asked me to buy a hat for her.
Wow~ You have a sister?
Hehe, yes

Is that the thing your sister wanted?

Yes. Now that I'm free.
Shall we look around the school?
Ah, yes!

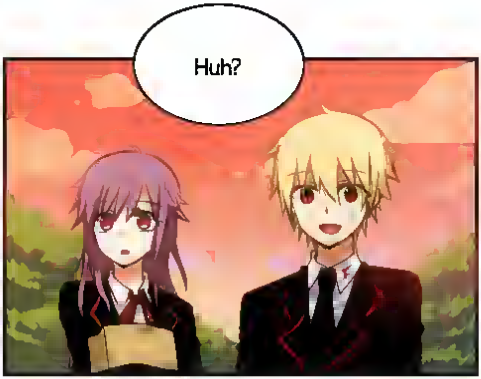
First...

This is the library. It has two floors.
This is the sparring arena!
The garden that surrounds the school
Strange jellies appear sometimes
A place to practice magic
SF BUKS COFFEE
SF Buks Cafe,
A place where students can rest!!
And in these buildings is were the theory classes take place.

I've showed you around in all the common areas.
I'll go to my dorm now.
Oh, okay! I'm thank-

Seere!

Rustle
...What are you doing there?



Huh?
